CARPET FILM APPLICATOR

Product Code	Pricing Unit	Colour	Dimensions	Pack Quantity	Pallet Quantity
PFA1	EACH	Blue	600mm - 900mm	1	30

Product Description:

The Proguard Carpet Film Applicator is purpose made for our Proguard Protection Film. It is fully adjustable to suit 600mm to 900mm wide protection film rolls. It can be disassembled for easy transportation.

Benefits:

- It can be used to apply both Reverse-wound and forward wound film
- To suit 600mm and 900mm wide rolls
- Suitable for Carpet film or Hard Surface film
- Heavy-Duty
- Adjustable from 600mm – 900mm
- Blue powder-coated finish

Limitations:

- Not suitable for rolls wider than 900mm
- Only suitable for applying film to floors – not walls, windows etc.

Application:

Assemble the applicator inserting the 600mm silver tube for 600mm film or the 900mm tube for 900mm film. Insert the protection film roll onto the red holders so that the adhesive side faces away from the handle. Unreel the film under the silver roller. Simply push the applicator forward to apply the film and cut the film with a knife or scissors when you have finished.
