

PROGUARD LADDER GUARD

Product Code	Pricing Unit	Colour	Dimensions	Pack Quantity	Pallet Quantity
PLLG	Each	RED	315MM X 1500MM	1	1

Product Description:

Proguard Ladder Guards are an easy solution to ensure HSE compliance by preventing unauthorised access. Made from high grade steel, with 10mm diameter steel hooks, the Proguard Ladder Guard is durable and resistant to vandalism.

Benefits:

- Reusable
- Durable steel construction
- Conforms to HSE requirements
- Durable coating to prevent corrosion
- Padlock included

Application:

Hook over the top rung of the ladder to be secured. Lock in place using the chain and padlock provided. Ensure that the guard covers the entire rung without any gap to the edge.
