Product Description:

Proguard Clear Polythene Sheeting is perfect for protecting furniture during house removals or covering floors during building and decorating work.

Proguard Polythene Sheeting can also be used for creating temporary dust screens in conjunction with the *Proguard Temporary Screening Props*. For ease of transportation each polythene roll is multi-folded.

Benefits:

- 100% waterproof.
- Cost effective temporary protection.
- Can be used to create a temporary dust screen.
- Flexible material – ideal for draping and hanging.
- Lightweight multi-folded rolls.
- Easily cut with a knife.

Limitations:

- Product may become slippery when wet. Mop up any spills immediately or replace where necessary.
- This product is not Flame-retardant. When this is a requirement, use our *Proguard Flame Retardant Polythene*.
