BUFFERBOARD FLEECEPROTECT™ GREY

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PHGF13	EACH	Grey	2.4m x 1.2m	3.2mm	10	200

Product Description:

A high-performance protection board designed to safeguard delicate surfaces during construction, refurbishment, or heavy traffic. Measuring 2.4 m × 1.2 m × 3.2 mm (1200 gsm), this tough grey board features a felt-backed underside for added surface protection. Lightweight yet incredibly tough, this grey board features a slip-resistant and water-resistant surface for indoor or outdoor use. Easy to cut, tape, and fit, it provides reliable, reusable protection for both commercial and residential jobs.

Benefits:

- Fleece-Backed for Sensitive Surfaces
- Anti-Slip, Textured Surface
- Ultra-Tough Multi-Use Protection
- Lightweight and Flexible
- Durable and Reusable
- 100% Waterproof

Limitations:

- Not fire-retardant. Use our flame retardant Bufferboard™ when this is a requirement
- Although the textured surface provides a high level of slip resistance, this product may become slippery when wet. Mop up any spills immediately or replace where necessary

Application:

Ideal for protecting tile, stone, vinyl, concrete or timber floors—both indoors and outdoors—as well as sensitive finishes during fit-out or refurbishment works.

Performance Data:

		Testing Method
Code	PHGF13
