

BUFFERBOARD FLEECEPROTECT™ GREY STAIR PROTECTOR

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PHSP1	EACH	Grey	150 x 200 x 760mm	3.2mm	15	300

Product Description:

A pre-formed, heavy-duty protection panel designed for use on stairs, edges and corners in both internal and external environments. It combines a rigid polypropylene panel with a soft fleece underlay to minimise surface damage while resisting wear and slip risk.

Benefits:

- Fleece-Backed for Sensitive Surfaces
- Anti-Slip, Textured Surface
- Ultra-Tough Multi-Use Protection
- Lightweight and Flexible
- Durable and Reusable
- 100% Waterproof

Limitations:

- Not fire-retardant. Use our flame retardant Correx Stair Tread Guard when this is a requirement
- Although the textured surface provides a high level of slip resistance, this product may become slippery when wet. Mop up any spills immediately or replace where necessary

Application:

Ideal for protecting finished stairs, edges, corners, and other vulnerable surfaces during construction. Ideal for treads, risers, wall edges, and columns, it safeguards against scratches and impact damage. Suitable for indoor and outdoor use, it's waterproof, anti-slip, and reusable, making it a reliable choice for high-traffic and sensitive finished areas.
