

GENERAL WASTE RECYCLING BAG

Product Code	Pricing Unit	Colour	Size	Pack Quantity	Pallet Quantity
BGW1	EACH	White	45cm x 45cm x 60cm (h)	10	500
BGW2	EACH	Green	45cm x 45cm x 60cm (h)	10	500

Product Description:

Proguard General Waste Recycling Bags are made from heavy duty woven polypropylene and are the perfect 'handy bag' for clearance of rubbish from building sites or for storage of household waste. They come in green and white to help differentiate between different types of waste for recycling purposes.

Proguard general waste bags have two strong carry handles and emptying handle underneath.

Benefits:

- Handy bags for waste recycling and collection.
- 2 strong carry handles and emptying handle underneath.
- Colour printing available.
- Recyclable.
- Available in white and green.

Application:

Simply open the general waste bag and fill. Use the handle on the underside when emptying.
