

PROGUARD TUFFBOARD ULTRA-TOUGH CARD FLOOR PROTECTION

Product Code	Pricing Unit	Colour	Dimensions	Thickness	Pack Quantity	Pallet Quantity
PRC60	EACH	Brown	1m x 30m	1000 micron	1	24

Product Description:

Proguard Tuffboard ultra-tough card floor protection is ideal for protecting newly laid screed floors as it will allow the floor to breathe during the curing process. It provides heavy-duty floor protection for new and existing concrete, wood, tile, stone, linoleum and most other floor types. Ideal for heavily trafficked areas and long term projects. Simply roll out, trim where necessary and tape all joints.

Benefits:

- Heavy-duty floor protection
- Impact, slip and water resistant
- Ideal for timber, stone & screed flooring protection
- Lays out quickly
- Supplied on rolls for easy handling and storage
- Provides economical floor protection for sites where cost is key
- Perfect for protection on long term projects, to protect from general site activity
- Can be cut easily with a knife
- Breathable – allows newly laid floors to cure
- Made from recycled material
- FSC® certified
- 100% recyclable
- Made from 100% recycled material

Limitations:

- Not fire-retardant.
- Product may become slippery when wet. Mop up any spills immediately or replace where necessary.

Application:

Ensure surfaces onto which Proguard Card is to be laid are free from loose rubble. Beginning from the corner of the room roll the card out in front of you using Proguard Cloth Tape on any joints if required. Use Proguard Low Tack PVC tape when adhering to sensitive surfaces such as marble and glass. To ensure a completely residue-free removal we recommend using Proguard Ultra Low Tack tape.
