

## HANDY-WRAP

Product Code	Pricing Unit	Colour	Dimensions	Pack Quantity	Pallet Quantity
PWH1	Each	Clear	100mm x 150m	40	800

### Product Description:

Proguard Handy Wrap is ideal for wrapping items together such as metal profiles, timber lengths and rolls of flooring material. The mini stretch wrap rolls are manufactured from heavy duty clear polythene and is 100% waterproof.

### Benefits:

- Perfect for binding items together
- 100% waterproof.
- 150m long rolls.

### Limitations:

- Non-fire retardant.
- For ease of use this product should be used with *Proguard Handy-Wrap Dispenser*.

### Application:

Put the roll of handy-wrap on the end of our *Proguard Handy Wrap Dispenser*. Wrap the items which need to be bound together. The wrap is slightly static and grips to itself to ensure that it stays in place. Tape any loose ends with *Proguard Clear Parcel Tape*.
